

WHOLEBODY®
ROVE

“

After a day on the golf course and working out, I'll sit in my Human Touch chair. It's such a great way for my entire body to be massaged, stretched, and recovered. Sitting in the chair helps me stretch out my back, shoulders, glutes, and legs. The stretching feature feels like somebody is actually there to stretch me. The chair is able to target specific parts of the body that feel fatigued due to a day on the golf course and help me recover better for the next day!

DISCOVER WELLNESS

Pave your own path, make your own road, and then recover like you should. The **WholeBody® ROVE** massage chair will make your wellness journey smooth and remarkable.

The high-performance L-track extends coverage from your neck and shoulders down to your glutes and thighs. The ROVE's unique auto programs are focused on helping you relax and recover after a hard workout or just life in general. Allow the dynamic stretch to lengthen your back and muscles, giving you renewed energy and life—every day.

HEALTH &
WELLNESS
BENEFITS

RECOVERY

Regular massage helps to prepare for, and recover from, strenuous workouts by increasing oxygen-rich blood to tired and sore muscles. This helps improve physical mobility and minimize recovery time.

RESTORATION

Modern life can cause stress injuries, such as tension headaches from excessive screen time or back pain from constant poor posture. Daily massage can help correct these daily strains in order to improve your overall health.

REJUVENATION

Massage helps improve mental clarity and reduce anxiety. Even just 15 minutes of daily massage can contribute to better sleep, improved mental focus, and a greater sense of well-being.

REHABILITATION

Massage can help the body recover from a variety of physical conditions, including back pain, Sciatica, Arthritis, Fibromyalgia, and much more.

ADJUSTABLE COMFORT

Customize your massage and comfort level just how you like it with the sliding head pillow adjustment.

AUTO-WELLNESS PROGRAMS

Indulge in 8 programs, including Full-Body massage, Stretch, and Recovery.

ACUPOINT® DETECTION

Intuitively scans your back to map the massage programs for maximum effectiveness.

INTUITIVE TABLET REMOTE

Easily manage the chair's functions using the convenient tablet control panel.

FULL-BODY STRETCH

Our expansive "bend and stretch" functionality provides unprecedented leg and spine relief by increasing blood flow to the vertebrae and discs and rejuvenating the lower back, allowing you to recover with greater efficiency.

SPACE SAVING DESIGN

The WholeBody ROVE requires only 3" of wall clearance in order to pivot seamlessly from the upright to reclined position.

BUILT-IN BLUETOOTH SPEAKERS

Immerse yourself in soothing music while enjoying a relaxing massage. Easily connect your device to the built-in speakers via Bluetooth.

CLOUD TOUCH ACUPRESSURE

Strategically placed, targeted aircells apply pressure to key healing points and manipulate your body to stretch muscles.

USB AND WIRELESS CHARGING

Conveniently charge your device using the built-in USB port or wirelessly charge your compatible phone to truly unplug without the fuss.

DUAL-LUMBAR HEAT

Adjustable and targeted heat gently soothes the back to loosen tight muscles and help relieve pain.

DEFY GRAVITY®

The zero gravity position cradles your back and elevates your legs above your heart, the position doctors recommend as the healthiest way to sit.

MANUAL EXTENDING FOOT AND CALF MASSAGER

With underfoot rollers for optimized reflexology and adjustable intensity for calves and feet, the extendable leg rest can be adjusted for your height.

S and L TRACK SYSTEM

While the **L-Track** extends high-performance coverage from your neck and shoulders all the way down to your glutes and thighs, the **S-Track** closely follows the curvature of the spine. The result is a massage that is designed to move with the natural curves of your body for optimal results.
