### JADE HEAT

Experience the healing arts of the Far East with Jade stones that radiate far-infrared heat deep into muscle tissue, creating a healing warmth that can be felt long after you leave the chair.

### TUXEDO BACK COVER

This upholstery-matching back cover adds a finishing touch to your Perfect Chair®—front and back. It's a beautiful detail, especially if your chair is positioned with its back exposed.

### EXTENDED ARM RESTS

The wide and long armrests give constant support even as the chair reclines into zero gravity.

### MEMORY FOAM PLUS

An added layer of comfort that conforms to your body's unique contours.

### FULL-SUPPORT HEAD PILLOW

The comfort pillow cradles the head and neck while providing ergonomic support. Easily adjust the pillow with a magnet that you can move along the spine of the chair.

### POWER ADJUSTABLE LUMBAR SYSTEM

The active lumbar system allows you to customize your seating comfort with the touch of a button. Precision control gets you the exact support, just where you need it.

### INTEGRATED CONTROLS WITH POWER HUB

A single, easy-to-use control panel lets you adjust the Jade heat and lumbar support with the touch of a button. The power hub provides a simple solution for managing power cords, keeping everything neat and organized.

### 3D EASEPOINT TECHNOLOGY™

Medical grade mineral pods evenly distribute your weight across the entire seating surface to eliminate uncomfortable pressure points.
